

The Grand Princess!

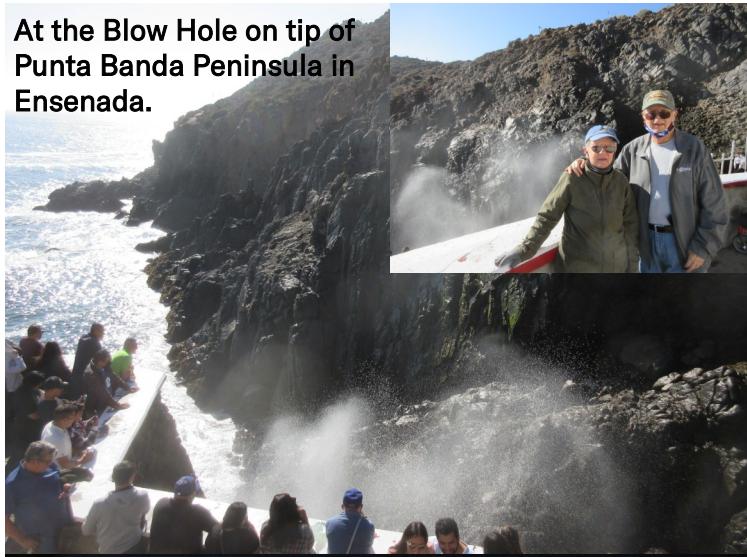

The big event for Bob & I in November was a 21 day cruise, which was actually 3 separate back to back cruises within the 21 days. We remained on the same ship in the same cabin. Originally we were planning to go to Hawaii, with an additional cruise before it, but Hawaii decided to prevent any ships coming into port because of the pandemic.

We stopped at some ports more than once as the sailing included 3 separate cruises. We boarded in Los Angeles Port San Pedro, we also stopped in San Diego Ensenada, Mexico; San Francisco; Cabo San Lucas; La Paz; Loreto; Puerto Vallarta; and Baja and Sea of Cortez.

One very significant factor about our experience was that because of the pandemic, there were only a hand full of guests on board with us, compared to what is normal. Of the 3 cruises we experienced, the total numbers fluctuated, between 200 and 400 guests. Normally the ship can carry about 2,600! I will include a photograph of our ship plus some of the Ports, plus guests we ate with and staff in the dinning room.
